

North Bay Nurse Practitioner-Led Clinic Seeking Board Members

The North Bay Nurse Practitioner-Led Clinic is one of 25 NPLC's in the province of Ontario with a mandate to provide team based, quality, primary health care services to patients in our community, who do not currently have primary health care. The Clinic enhances access to care and reduces barriers. The Clinic provides an integrated range of services and supports including, but not limited to, the services of Nurse Practitioners, Nurses, Social Workers, System Navigator, and a Dietitian.

Board members will bring leadership through a policy governance model to set the overall direction for the organization. Board directorship is a voluntary position that requires a minimum commitment of one Board meeting per month, plus preparatory/sub-committee time.

If you are interested in primary health care services and for an opportunity to be part of this exciting part of primary health care, interested applicants, who have previous board experience, are invited to submit a letter of interest and curriculum vitae, along with this application, to:
